A MOST SPLENDID WORK ON RICHLY PAINTED AND STAINED GLASS WINDOWS.

DIVERS WORKS OF EARLY MASTERS

IN

Christian Decoration.

WITH AN INTRODUCTION CONTAINING

THE BIOGRAPHY AND CONTEMPORANEOUS ASSOCIATIONS IN ART OF ALBERT DURER.

ILLUSTRATED BY

SEVENTY-FIVE SPLENDID ENGRAVINGS BY LE KEUX AND OTHERS,

Many beautifully illuminated and coloured under the superintendance of

MR. OWEN JONES,

Representing the celebrated Painted and Stained Glass at Gouda, in Holland, the Painted Ceilings and Decorations of the Church of St. Jacques, at Liege; with some English Examples of Painted and Stained Glass of an earlier date, &c.

EDITED BY JOHN WEALE.

Two magnificent Vols. Imperial folio. Published at 10l. 10s.; reduced to 5l. 10s. Elegantly half-bound morocco, gilt leaves.

*** The many favourable notices of this splendid book would fill a volume; the following are a few extracts:—

"This work is one of those rare productions of which at once extort admiration and defy criticism. It is not only the most splendid work of the kind that has yet been attempted in England, but it is, we believe, perfectly unique, and opens a new province in the region of decorative art to the student and amateur. The windows at Gouda are unanimously allowed, by the best judges, to be the perfection of that mode of painting, and of unsurpassable beauty in regard to execution and colour."—*Times*

"This is, in every sense of the word, a splendid volume; the following are a few extracts:— That part of the volume devoted to an account of Albert Durer and his works is particularly interesting, and is the fullest and best notice of him we possess. Many magnificent specimens of painted glass are given, the plates measuring twenty inches in height, and richly coloured in imitation of the originals. Certainly more splendid examples of glass-painting could not be found. To conclude—the book is in every way worthy of patronage, and adds another to the long list of princely works produced by private spirit in this country."—*Art-Journal*

AN INQUIRY INTO THE HISTORY OF

Ancient Glass Painting,

ESPECIALLY IN ENGLAND;

WITH PRACTICAL HINTS ON GLASS PAINTING;

Also Observations on the Present State of the Art; Suggestions for its Application to Particular Purposes, and as to the best Means for its Advancement, &c.

BY AN AMATEUR.

ILLUSTRATED BY SEVENTY-FIVE PLATES.

2 Vols. 8vo. Reduced to 1l. 5s.—Published at 1l. 10s. In extra gilt cloth.

"A constant description utterly fails in conveying any adequate notion of the elaborate research that must have been required for the completion of these volumes, of the value of the suggestions that they embody, or of the archæological knowledge which the author has brought to bear on the subject of his disquisitions. Some of the plates are in outline, but many are coloured, with a carefulness of touch and brilliancy of effect altogether unusual, and all are so accurate as to be available, if necessary, for working models from having been drawn to a scale."—*Morning Post.*

"The present work supplies a great deficiency, and treats of the subject in such a way as is likely to be useful and interesting at once to the antiquary, the amateur, and the practical artist. The plates have been evidently most carefully selected, with a view to show the progress of the art from the thirteenth to the seventeenth century, and its execution and getting up are inferior to none which have hitherto appeared."—*Guardian.*

ANCIENT·HOUSE·FURNITURE

In order to supply the deficiency which has hitherto existed in Furniture suitable for the many Mansions that have been erected or restored in the MEDIÆVAL STYLES, Messrs. STUFFS for HANGINGS, in simple Worsted damask, in Silk; also in Tapestry of Baudertin.

CARPETS, plain or in rich Velvet pile, with appropriate Borders.

PAPER HANGINGS of various kinds.

OAK CABINETS, Buffets, Octagon Library Tables, Occasional Tables, Benches, Chairs, and other useful and appropriate Furniture.

They have also received from Messrs HARDMAN, of Birmingham, samples of their Metal Work: Chandeliers, Sconces, Candlesticks for Tables, Salons, Flagons, and other Ornaments for Sideboards, after the manner of the Middle Ages.

The whole of the above-mentioned Furniture, designed after Ancient Authorities, and executed under the immediate superintendance of Mr. A. W. PUGIN, Architect.

To render this Furniture generally available, a considerable portion has been arranged in the simplest manner, consistent with its ancient character.
